Subject: Medicaid Case Managers' Meetings

Date: March 14, 2005

The purpose of the Medicaid Case Managers' Meetings is to ensure continuity of care to individuals by establishing and maintaining productive communication between Medicaid providers, case managers, client advocates, outreach workers, and the Medicaid contracted Managed Care Organizations (MCOs).

The next scheduled series of case managers' meetings will be held in four sites around the Commonwealth during the months of April and May. The topic for these meetings is *Obesity Management and Treatment*. The presentations will focus on case management, transportation, and the Virginia Department of Health's program on the prevention and control of obesity.

Additionally, at the Fairfax meeting, a brief presentation will be made regarding the northern Virginia area expansion of Medallion II, the mandatory MCO program for eligible Medicaid recipients, effective September 1, 2005. A new partner, AMERIGROUP of Virginia, will be introduced and representatives from UNICARE and Virginia Premier will be present.

Please share this information with other case managers in your organization. Due to limited space we ask that you respond by contacting Pamela Richardson at (804) 692-0270 no later than April 15, 2005. It is important that you include in your response your name, telephone number, email address, and the number of persons attending. We ask that you respond promptly. Meeting sites receiving a poor response will be cancelled. You will be contacted of meeting cancellations only and offered an alternate meeting site.

Persons needing reasonable accommodations should contact the Department of Medical Assistance Services at least two weeks prior to the meeting. Accommodations will be provided upon request by contacting me by telephone at (804) 225-4789 or email Queen.Green@dmass.virginia.gov.

Attached is the meeting schedule and directions to all four locations. We look forward to seeing you.
